Cougar Den

Cougar is driven by the people whose opinions we value most, our customers. We start by listening to the customer’s expectations and what they identify as the keys to quality workmanship. We then incorporate the customer’s expectations and desired features into the design of the RV.

The natural result of this process is innovation, fresh ideas, new technologies, unique features and better ways of creating performance, style and convenience.

Sit down and relax in this Cougar Den and you may not want to leave. The Cougar Den features first of its kind All-Window slideout room with two removable dinette tables that seat up to six. Other Den features include recliner positioned near the 32” LCD HDTV (mounted on swing arm), air mattress sofa with storage below, and residential furniture with rounded edges and pillow-back feel, combined with soft indirect/direct recessed lighting.

Shown in Autumn Night décor and available on the 320SRX.
The 276 RLS in Bayleaf boasts incredible looks and elegant style. Hardwood cabinets, day/night shades, speckled carpet and large windows make this unit one of our most popular.
Seven new models with enclosed side aisle baths continue to separate Cougar from our industry competitors. These private bathrooms and bedrooms were created with maximum privacy in mind. Take a look at these models and see which one fits your individual needs.
Passion plays a huge part in the success of anything you do. For 10 straight years we have taken that passion and created some of the best floorplans in the industry. This year is no different. See for yourself why Cougar bunkhouses can’t be beat.

The new 322 QBS is the first fifth wheel to feature an off-door spacious side aisle bath and a wardrobe slide in the bunk room. This creates a private front room for the kids while also giving a private enclosed bathroom.
Imagine putting your “toy” in an RV that feels like home. Cougar’s SRX model features unprecedented residential feel while offering a bunk room for your kids as well as a place to haul your toys.
