To Whom It May Concern:

This letter is directed to advise you of the positive experience we had while purchasing our Bobcat T300. Doug Callahan, the salesman we dealt closely with, was very professional, knowledgeable, and an overall big help in presenting the reasons why owning this equipment would be beneficial to our company. We are very pleased with our purchase and it was a pleasure dealing with Bobcat of Long Island. I look forward to dealing with them concerning future purchases.

Thank you,

Benjamin Glass
