

Ditch Witch of South Dakota will be hosting a two day event on the 5th and 6th of January, 2010 at the Sioux Falls Convention Center in Sioux Falls, SD. Several instructional classes will be held each day on subjects related to the underground construction industry.

Representatives from Ditch Witch Electronics, Wyo-Ben®, Ditch Witch®, The SD DOT, and others, will be instructing. On display will be many items from the Ditch family of trenchers, directional boring units, compact utility machines, parts & accessories, and much more. Including the newest additions to our fleet, the quad track model RT115Q and the RT45. New Jet Trac directional drills, the JT3020Mach1 and the JT922.

Also featured will be several items from our newest lineup of compact utility equipment, including the SK650 mini skid steer loader and the new improved XT855 tool carrier. If you are interested in attending, or require more information, please contact us using the information provided below. There is no charge for this event and lunch will be served both days.

There are Hotel rooms available at the adjoining Sheraton Inn if you require overnight lodging. You can reserve them by phone at 605-331-0100.
