

Save the Date
September 28-October 2, 2010

The 2010 California State H.O.G. “Pines to Palms” Ride & Rally is a motorcycle ride, touring event, multi-dealership poker run and state-wide points game open to all current National and International H.O.G. Members. This event offers an opportunity to ride some of most beautiful roads in the country and to experience the camaraderie of riding with a group of like-minded riders. In addition to amazing roads, you can count on plenty of breakfasts, lunches, dinners, and parties . . . everything a rider loves!

Like much of the United States, California has some of the best and most diverse scenery available for one to see and ride. The ride we have created takes in the foothills of the majestic Sierra Nevada’s, the coastal cliffs of the Pacific Coast Highway 1, the San Joaquin Valley farm basket, Central California’s wine country, the high desert of Southern California and the beautiful palms along San Diego Bay. With over a thousand miles of magnificent California and its awe-inspiring roads, you can count on a ride of a lifetime.

Riders with limited time can join the touring rally at three different points along the route (Jamestown, Paso Robles and Bakersfield). Riders who are unable to participate in the touring ride can join the rally and participate in the party at Corona H-D, the Multi-Dealership Poker Run, as well as the closing ceremony. All riders who pre-register can start having fun with the State-Wide Rally Points Game as soon as pre-registration opens.

The “All California” Rally Committee promises a lifetime of memories for registered H.O.G. members, so come ride with us.

Please visit our website often for new and updated information along with registration details.
