

JESCO Named Authorized LeeBoy And Rosco Dealer For Central and Northern New Jersey

South Plainfield, NJ – JESCO, one of New Jersey's leading construction equipment dealerships, is pleased to announce the expansion of their product offering with the addition of LeeBoy and Rosco products. JESCO will now sell and service LeeBoy and Rosco's full equipment line throughout central and northern New Jersey.

JESCO will offer the full line of LeeBoy products including the new B series pavers.

“It is my great pleasure to add JESCO to the VT LeeBoy dealer network,” states David Carey, Vice President of Sales and Marketing for VT LeeBoy. “Since 1972, JESCO has provided customers in New Jersey with top quality lines of equipment, and the utmost level of product support.”

JESCO will carry the full line of LeeBoy pavers, which includes the new 9000 rubber tire model, the 8816B, 8515B, 8500B and 7000 conveyor pavers as well as the 8510B, 5000 and 1000F pavers. JESCO will also be adding the LeeBoy 5000 cart path paver along with the RB-48 sweeper into their rental fleet. These items along with some other pavers will be available for daily, weekly and monthly rentals.

The Rosco equipment line includes asphalt distributors, chip spreaders, pothole patchers, water trucks and three powerful broom models that include the new Challenger V model, RB-48 and the SweepPro models.

“We are excited to offer well respected brands such as LeeBoy pavers and Rosco brooms,” states Jon Robustelli, President of JESCO. “By adding these great brands to our roadbuilding line, we are able to give our customers one of the best equipment choices in the area.”

LeeBoy is a manufacturer of commercial class asphalt pavers and also builds asphalt rollers, tack distributors, motorgraders, belt loaders and concrete curbers. The Rosco brand includes brooms, asphalt distributor trucks, water trucks, spray patchers, chip spreaders and compaction rollers. For more information on either product, please visit www.leeboy.com.

"We are excited to offer well respected brands such as LeeBoy pavers and Rosco brooms,"

Jon Robustelli, President of JESCO.

For over 37 years, JESCO has been supplying municipalities and contractors throughout New Jersey and the New York metro area with a wide range of quality construction equipment including John Deere, Hitachi, BOMAG, Hypac, Indeco, Genesis, Hydrema, Claire and most recently LeeBoy and Rosco. JESCO has three New Jersey branch offices conveniently located in South Plainfield, Fairfield and Lumberton as well as their new location in Beacon, NY. With one of the broadest equipment offerings and largest rental fleets in the area, a massive parts inventory and a full fleet of service vehicles, JESCO ensures that they are always available to meet the changing needs of their customer base.
