

For over 37 years, JESCO has been supplying contractors throughout the areas of New Jersey, the Hudson Valley, Long Island and the five boroughs of New York with a wide range of quality construction equipment. With one of the broadest equipment offerings and the largest rental fleet in the state, JESCO ensures that they are always available to meet your equipment rental needs.

LOOK WHAT'S NEW

Roadbuilding Equipment

Paving and road maintenance projects just got easier and more productive with the addition of LeeBoy pavers to JESCO's rental fleet. These pavers feature the Legend Screed System, which produces seamless mats up to 15 feet in width. They are ideal for commercial and mainline paving applications due to their accuracy, ease of use, durability and reliability.

Don't forget to sweep up your construction and milling projects with ROSCO brooms. ROSCO brooms are designed for aggressive sweeping applications and have proven to be dependable, provide excellent work-site visibility and operator safety. All brooms are equipped with all-season cabs, joystick controls, 150 gallon water tank and quick-change brush.

Compaction Equipment

Meet your density requirements with BOMAG compaction equipment from JESCO. JESCO carries a wide range of BOMAG compaction equipment to handle any size project you have. Whether your job calls for soil or asphalt compaction, from trench compactors to large double drum rollers, JESCO has the ability to meet your equipment needs.

Hitachi Excavators

JESCO offers the entire line of Hitachi excavators, which consists of the U-Series compact excavators, perfect for landscape contractors and small construction projects, the Zaxis Series construction excavators ranging from 13,227 to 185,876 pounds and the large EX Series shovels. The new Hitachi Zaxis excavator line now includes Isuzu Tier III-certified engines. These new engines feature a common-rail injection system that increases engine output while lowering fuel consumption.

Hydrema Dump Trucks

Need a dump truck for a compact job? Check out the 12-ton Hydrema 912D Dump Truck. JESCO offers both the Hydrema 912D Series with Multi-Tip dump function and the 912D Series with standard rear dump function. The multi-tip function enables the dump body to turn up to 180° while unloading, offering the operator maximum flexibility across multiple jobsites. The 912D Series Dump Truck has a 7.6-cubic-yard dump capacity and is made of high

tensile strength steel with all-welded construction to provide strength and stability on the job. The 912D is powered by a 4.4-liter Perkins Tier III turbo diesel engine. Rated at 131 horsepower, this engine gives it exceptional power for hauling heavy loads over rugged terrain. Its wide tires enable it to operate in challenging conditions, regardless of whether the terrain is soft, steep or covered with snow.

Demolition Attachments

Demolish material quickly with Genesis attachments and Indeco breakers. JESCO offers the entire Genesis and Indeco product lines to handle your toughest demolition, scrap processing and handling, reconstruction, utility and waste handling needs. Coupled with a John Deere excavator, these products will help complete your work quickly and efficiently, giving you a solid return on investment.

Heavy and Compact Equipment

JESCO offers a wide variety of John Deere heavy and compact equipment models for long-term or short-term rental. From backhoes to articulated dump trucks, crawler dozers, crawler loaders, wheel loaders, crawler and wheeled excavators to skid steer and compact excavators, JESCO has the capability to handle your large, small and specialized equipment rental needs.

We Deliver

Rental Terms and Conditions

- Customer must call a minimum of 3 hours prior to pickup.
- Rentals based on 8 hours per day, 40 hours per week, 160 hours per month. Additional hours subject to charge at regular hourly rate. No over time charges apply.
- Fuel will be billed in accordance with current market pricing if not returned full. All machines will be delivered with a full tank of fuel.
- Hauling, tax & insurance are not included in enclosed rental rates.
- The customer is responsible for all damage and unusual wear and tear to the machine.
- A cleaning fee based on time and maintenance may be charged for the return of excessively dirty machines.
- No credit will be given to customers due to inclement weather conditions.
- Rental agreements, including UCC's, must be signed.
- All rentals are payable in advance and subject to prior sales.
- Salesmen/customers must inform the sales department of any rental machine going to a "HazMat" site. Customers will be required to provide proper documentation declaring that a machine has been detoxed when returning the machine.
- Rental rates are subject to change at anytime without notice.
