

WAM<sup>®</sup> Inc.

SILO VENTING FILTER

**SILOTOP<sup>®</sup>**

R01 Series

**EXCELLENT FOR  
READY MIXED  
INDUSTRIES !**

- ✓ More comfortable maintenance height
- ✓ Lockable hinged cover
- ✓ Free access to filter elements and in cover integrated cleaning system
- ✓ Easier replacement of filter elements
- ✓ Flanged silo connection

# SILO

Obstruction-free extruded aluminum manifolds for optimum air flow

Drain point

| BODY                   | FILTER SURFACE                            | MAX. HEIGHT WHEN CLOSED | MAX. HEIGHT WHEN OPEN | lbs (kg)  |
|------------------------|---|-------------------------|-----------------------|-----------|
| Ø 31.5 inches (800 mm) | 264 ft <sup>2</sup> (24.5m <sup>2</sup> ) | 45 inches (1145 mm)     | 73 inches (1850 mm)   | 225 (102) |

Filter element clamps reduce maintenance time

Heavy-duty 16 gauge 304 stainless steel body with bottom flange - thickness 0.04

Inspection hatch

Aluminum air tank (corrosion-resistant)

# STOP<sup>®</sup>

Weather protection cover with lockable snap hook

Manifolds integrated into the hood

Weather protection cover "Autolock" hinges self-locking when open

Steel frame with integrated birdcage

**CARTRIDGES INCLUDED!**

POLYPLEAT<sup>®</sup> filter cartridges with integrated Venturi shafts guarantee optimum filter surface - air to cloth ratio

**Huge inventory  
available for  
immediate  
delivery!**

**OTHER PRODUCTS**

Cement Screw Conveyors

Vertical Srew Conveyors

Butterfly Valves

Slide Valves

Pressure Relief Valves

Level Indicators

Rotary Valves

Pinch Valves
