PIG
ROAST

Valerie Oglesbee was diagnosed with Tuberos Sclerosis Complex (TSC) on July 14, 2006. TSC is a genetic disorder that causes benign tumors to form in many different organs. It can also cause epileptic seizures and/or varying degrees of mental handicap. Approximately 60,000 individuals in the United States have TSC, and there is presently no cure.

Sunday, March 25, 2007
