YACHTS

What's New? by Don Finkle: Some things bear repeating, and so we would like to remind you that spring is not very far off. We will begin to launch in about 6-7 weeks, depending on the location and the ice cover at the time. The period between now and then will fly by, so make sure you have your plans made and your boat ready. Your boatyard would appreciate your service order now so they can plan and fit you in. Wait until the last minute and they may not be able to accommodate your request in a timely fashion or at all.

We mentioned that business has been picking up, and as proof of that our guys have sold a couple of big new Beneteaus this week, a 40 and 46. That is good news for anyone out there looking to move up, because these deals yielded us two really nice used Beneteaus, a 2009 34 and 2001 461. Check out the details for each below. One advantage to buyers is that we can consider your existing boat in trade on one of these, that is often not possible on a brokerage boat.

The Buffalo Boat Show starts today, for the first time being held in the Fieldhouse adjacent to the Buffalo Bills stadium in Orchard Park. NO, RCR will not be there, but for the sake of our powerboat friends in the business who have been really hard hit, we hope they have a good show. Our show in Syracuse last week was a big improvement over the year prior, much more interest this time. We will sell some boats as a result.

Some weeks back we went to the grocery store in NYC with our son, hoping to pick up some ingredients for a nice home cooked meal at his apartment. The Whole Foods store was packed with people and the produce department was seriously picked-over, not much left and what was there didn't look so good. That reminded me of what happens to boat buyers who wait until May to shop. Just which boats do you think sell first? Of course, the nicest ones and the ones that are priced right. So what is left by May? You get the picture. Don't wait.

Raymarine News: This brand has been the most common make of electronics in use

on sailboats in recent years. You should be aware of major changes being made to their line of equipment. Time marches on and in the electronics world technology is always advancing. New Digital equipment is replacing analog. Those who currently have Raymarine gear on their boat should be aware that there is a very brief window now for adding equipment that is compatible with what you already have. This is especially true with Radar. If you have a C Series plotter it will NOT function with the new digital radar. So if you want to add radar you need to locate an analog radar antenna before they are all gone, and they are in short supply. Otherwise you will need to replace your existing plotter. WEST Marine and your local ship's store should be able to explain further, as can we. The new High-Definition Digital radar is very slick.

New events have been added to the calendar below, including a couple of Safety at Sea seminars

I guess we have to explain this again since not everyone seems to understand the process. We want your business! If you see a used boat advertised that looks interesting, please contact us before contacting the seller or broker. It costs you NOTHING to have us work for you, if you let us make the contact. I can guarantee you that we bring value to the process of buying (or selling) a used boat. Better yet, contact us before you start to look and we can save you time and aggravation, and usually money too.

WE NEED MORE BOATS TO SELL! Let us list your boat, or come see us about a trade-in. Call any of our sales staff for an idea of what your boat is worth.

March 20, First Mate Safe Return Course: A boating safety course offered exclusively by the Sodus Bay Maritime Captains Association. As a First Mate aboard your boat, just how familiar are you with its operation? What if the Skipper should become disabled? Would you know what to do? Would you know how to call for help? Would you be able to tell rescuers where you are? Would you be able to navigate to a safe port?

The First Mate Safe Return course is designed to teach fundamental skills that will enable a First Mate to do the right thing if the Skipper should become disabled for whatever reason. The course will be taught by Coast Guard Licensed Captains and will include a half-day classroom lecture and on-the-water coaching and demonstration on your own boat. The schedule for the half-day classroom lecture is:

Date: Saturday, March 20, 2010

Time: 8:00 AM to 12:00 N

Place: Genesee Yacht Club, 10 Stutson Street, Rochester, NY 14612

Fee: \$75

The on-the-water coaching and demonstration may be arranged at the mutual convenience of the First Mate and a Captain Instructor from Sodus Bay Maritime Captains Association or, at the option of the student, may be conducted by the student's Skipper.

If interested, you may register by contacting Captain Jack Morris (585) 703-4439, jmorris599@aol.com or Captain Bob Paiement (585) 377-6518, rpaiement@rochester.rr.com

April 10, RCYC is holding a safety at sea seminar, sanctioned by US Sailing. Attendance qualifies participants for Newport Bermuda and other offshore races. That said, the material is great for both racers and cruisers. The event takes place on April 10 in Toronto. I wonder if you could make a mention of it in your newsletter? We already have some folks coming up from the Buffalo area. Thanks to Val Matison. More info on the site: <http://www.safetyatsea.ca>

July 9-11, Sabre & Back Cove 40th Anniversary Rendezvous, Boothbay, Maine

GET YOUR U.S.C.G. CAPTAIN'S LICENSE: If you have ever thought about getting that license, now is your chance. Sodus Bay Maritime Captains Association, a not-for-profit membership organization, has arranged with Sea Tech Marine Training to conduct a course leading to a U.S. Coast Guard Captain's License. Sea Tech Marine is a U.S. Coast Guard approved training school that is authorized to give the

license exam locally. That is, you won't have to travel to Toledo, Ohio. The course will be held at Hampton Inn North, 500 Center Place, Rochester, NY according to the following schedule in 2010:

Saturday, February 20 9AM to 5 PM

Sunday, February 21 9AM to 5 PM

Saturday, February 27 9AM to 5 PM

Sunday, February 28 9AM to 5 PM

Saturday, March 6 9AM to 5 PM

Sunday, March 7 9AM to 5 PM

Wednesday, March 10 (Review) 6:30PM to 10 PM

Thursday, March 11 (Exam) 8:30AM to 3:30 PM *

* Date may change to accommodate students' schedules.

The price for the basic (OUPV or "Six-Pack") course is \$695. If you elect to step up to a Master's License (as most participants do), there are two additional class sessions, an additional exam and an additional fee of \$200.

RCR Yachts of Erie News by Tracy Buczak: Last evening there was a great turnout at Erie Yacht Club for a Chinese auction to benefit the sailing school. Good to see all the sailors again and talk about boats, what else?

We had a booth at the Central New York Boat Show last week from Wednesday thru Sunday at the Syracuse Fairgrounds. I went up Wednesday morning and worked Thursday as well. Corbo, our man in Rochester, worked bell to bell and Rick went up Friday thru Sunday. We had a nice booth featuring a 2010 Beneteau 31 we just received the week before. The boat looked great and drew plenty of attention. Wednesday the traffic was pretty light but we had decent activity Thursday thru Sunday, competing with Valentines Day, a car show, Daytona 500, and the Syracuse/Louisville basketball game. Several quality leads came from the show and I would expect the 31 to be sold. Don't worry, we can get more at an unbelievable show special price.

There were also good leads from our used boat side. People are buying. I've talked to some other brokers from other parts of the country and they have also experienced an upswing.

Don't procrastinate if you want a new or used boat for spring. The best listings are being grabbed up at pretty good prices. If you're thinking of selling call us. We need more listings.

Don, Just purchased a CD27 fixer-upper. Hull in great shape but needs equipment. Especially ST winches, traveler with line controls, wheel AP, chartplotter, vhf, dodger, etc. If you know of anyone who has equipment for sale from the area, let me know. Thanks, Ed Haley eghaley@twcny.rr.com

"Hi Don, I am a regular boater who is taking a summer vacation to Wilson, NY from the 23rd of June to the 3rd of July. I would like to rent a boat for our vacation to cruise the lake, fish with my son, and make a run over to Toronto for a day/evening. Could you post me request in your news letter as Rick suggests below? I am happy to give more info about my boating experience, as well as provide any other info needed. My cell number below or email address jeff.albee@gmail.com is probably the best way to reach me. Thanks"

For Sale: Two (2) Kasko De-Icers, $\frac{3}{4}$ HP, circulates subsurface water which is warmed to the surface to melt ice and prevent its formation. Can be hung from vessel or dock. The $\frac{3}{4}$ HP model keeps a 75' diameter ice free. Each assembly includes a 25' power cord designed for low temperatures, a zinc anode for corrosion protection and a grounded 3 prong plug. Used one season. New \$699 or best offer. Call Judy for info 716-839-1100 or 716-839-3552.

For Sale:

1) Chutescoop, used very little, 30' long, 9" diameter - excellent condition, \$125
(For your info the following info is from the Chutescoop site : Chutescoops are sized according to sail luff measurements (use the "I" dimension of the boat if the sail luff is not known). Chutescoop sleeves are supposed to be shorter than the sail luff. On cruising spinnakers, use a Chutescoop that stops just short of the leech clew (unless the measurement between luff length and leech length is excessively long). On poled spinnakers allow 3 to 4 feet of sail below the sleeve to permit the pole to be trimmed.)

2) Propeller, 3 blade bronze, 17 x 14, \$200 OBO

3) 2 Lewmar hatch trim and screen kits for #60 hatch (20" x 20") - \$50 for each or best offer, photo available upon request
