What's New? by Don Finkle: Rick Lenard got home last night from his trip to France, but not without delays due to weather. He will be available later today and tomorrow and has promised us several articles on his experiences there, which included trips to the Paris Boatshow and Beneteau factories.

This Saturday (tomorrow) we are hosting a Customer Appreciation Holiday Party in Erie, PA. Tracy Buczak, our manager at RCR Erie, will be putting on a spread from 1-5 PM on Saturday, December 12. Free food and Holiday cheer, plus prizes and gifts. The location will be upstairs in the Perry's Landing Clubhouse. We are located on West Bayfront Parkway. For directions or questions contact Tracy at 716-680-4554 or 814-455-6800, or tracy@rcryachts.com. Tracy and I hope to see you there.

RCR Holiday Shutdown: In our industry most businesses typically shut down for the period around Christmas and New Year's because it is not cost-effective to stay open during that time. RCR will be closed from December 19 through January 3, reopening again on January 4. During that time if you need to reach any of us in an emergency you may contact us by cell:

"Attention Hunter Dealers, we at Hunter Marine are extremely encouraged by the steady number of orders that we are seeing from both domestic as well as international dealers. Currently our lead time on most all models is out to March 2010. As we approach the new calendar year we have some product updates that we wanted to make you our dealers aware of:

Raymarine has recently announced the introduction of their new "wide screen" chart plotters. Both the C & E series offer the wide screens. They are no longer making the C-80 & C-120 or the E-80 & E-120 and will sell out what they have. These models have been replaced with the C-90 Wide & C-120 Wide and the E-90 Wide & E-120 Wide. These new wide models will be designated with a "W" after the size, i.e.; (90W or 120W) and will be available on all Hunter models in February 2010. The C-Wide series will have a larger display with increased performance, expanded networking and increased visibility. The E-Wide series offers the same improvements plus the new technology of touch screen for user convenience. If the user prefers a button controlled keypad then he also has that option as well. For more information on the new "Wide Series" you can check out their website at www.raymarine.com . Greg Emerson, Hunter Marine"

Sabre Yachts 40th Anniversary Rendezvous: We look forward to next summer and the celebration of 40 fabulous years of Sabre Yachts, and we want to pass the word to as many owners as possible. This celebration will include our sister company Back Cove Yachts and their many owners.

Plans are taking shape and more details will be published as we get closer to the event. The plan is to gather at Wotton's Wharf in Boothbay on the afternoon of July 9th. From there we have a series of events and meals planned for attendees. With 40 years of history there will plenty of old images to show, great stories to tell and memories to recall. Keep an eye on the Sabre blog for details as they firm up and plan to be in Boothbay Harbor, Maine in July 2010.

Board RIBs Easily, Safely With New RIB Ladder: Now you can board a RIB easily - and safely - with the RIB Ladder from Armstrong Nautical Products, winner of the 2009 DAME (Design Award METS) in the Life Saving and Safety Equipment category. The RIB Ladder maintains an easy-to-climb outward angle, supports over 400 pounds and mounts on the rib surface, so there are no holes in the pontoons. Rubber stand-offs help protect the surface of the mother ship.

The marine grade stainless steel, telescoping ladder folds compactly for storage. Available for Hypalon and PVC RIBs. Soft mounting hardware sold separately to allow for multiple mounting points. www.armstrongnautical.com

We have been very busy lately and WE NEED MORE BOATS TO SELL! Let us list your boat, or come see us about a trade-in. Call any of our sales staff for an idea of what your boat is worth.

Download Updated Charts & Nav Aids to your iphone: This service looks like it will be extremely helpful and low-cost. Article from MotorBoating magazine:

RCR will help you find the right boat for you! Our brokers will serve as "Buyers Agents" if you find a boat out of our market listed with someone else. We will protect your interests and represent YOU! It costs YOU nothing to use us...the seller pays our fee. We split the commission with the listing brokerage...just like in real estate. We do business in your community...our community...trust us to do the job for you. We've been doing it since 1972.

New Boat News:

The Sabre 456 is coming: The Sabre 456 (ex-452) will make a come back in the summer of 2010. This fabulous Jim Taylor design is timeless. She sailed so well that most people would not believe she could compete boat for boat with the likes of the J46 but once the results were in, the Sabre 456 had shown her transom to most of the fleet.

In this new layout the forward cabin berth will be shifted aft to create an island berth forward for the owner. The owner's stateroom will also include a larger dressing area, more hanging locker space and more drawers for personal effects and gear. In her aft cabin the berth will be laid athwartships so that the guests too will have a queen sized mattress on their berth. They too will enjoy more standing/dressing space in their cabin.

Jim Taylor will be working on a new keel design to really optimize her performance with the latest research. Look for the 456 launch in mid-summer 2010! www.sabreyachtsblog.com/2009/11/the-sabre-456-is-coming.html

TIE OFF YOUR HALYARDS PROPERLY FOR THE WINTER!!! They will bang away all winter long and you'll wonder why they are chafed and your mast is chafed as well. Tie them down to the toe rail or wrap the jib halyard around the head foil several times and tie it off. And PLEASE...don't tie off your winter cover to

your jackstands...Yes, I've seen it...down goes another boat.
