

Sponsorship / Charitable Donation Policy & Procedure

Red River Harley Davidson appreciates your involvement to make our communities a better place in which to live and work. We too want to participate when and where possible and will be more than happy to consider sponsorship of, or contribution to your project/event. Because we receive three to five requests each day, to sponsor worthwhile projects and events, we must closely examine each to see what the benefits are from sponsorship. Like anyone else, we can not do them all, but will certainly look at each opportunity.

So, we must ask the following of you;

- In a letter, explain the project you are funding; the type and amount of participation you need from Red River Harley-Davidson; that is money, time, merchandise, etc. Please include a brochure or flyer along with federal tax identification number associated with the project, if available.
- Send the information to: Red River Harley-Davidson
Sponsorship Request
Attn: Gene Wooldridge
4514 Northwest Freeway
Wichita Falls, TX 76306
- Mr. Wooldridge will examine the project request and the company's available advertising budget in order to make a determination to what extent Red River Harley-Davidson can assist with your project.
- Approximately two weeks after sending your letter, please follow up with a phone call to Mr. Wooldridge at 940-264-7743. Specifically reference your letter and the project and he will let you know what Red River Harley-Davidson is prepared to do.
